## SUITS YOU SIR!

GET RACING READY WITH  
A TRIP TO THE TAILORS  
FOR YOUR RESPONX SUIT

Nothing is left to hide when it comes to a tailor's measurements – it's more intimate than some marriages. But you won't get the wow factor without the embarrassment factor, and a tailor has seen it all already. You should expect at least two fittings before the suit is complete – to ensure nothing shy of perfection. This is an Ascots & Chapels promise.

No matter who you are, once you enter Ascots & Chapels, a couturier with a 130 year heritage, you become a gentleman, and are treated accordingly.
